

FREE RESCUE CARD 1 OF 2

Spanish Conversation Rescue Card

For adult beginners who freeze when a reply is unfamiliar. Ask for help and keep a simple exchange moving.

Use the card in four steps

Choose a phrase, ask politely, listen again and thank the speaker. Keep the card nearby; you do not need to remember every line. These questions use polite singular address.

Spanish	English
Perdón.	Excuse me. / Sorry.
Estoy aprendiendo español.	I am learning Spanish.
No entiendo.	I do not understand.
¿Puede repetir, por favor?	Can you repeat, please?
¿Puede hablar más despacio, por favor?	Can you speak more slowly, please?
¿Qué significa esta palabra?	What does this word mean?
Sí. / No.	Yes. / No.
Gracias.	Thank you.

CHOOSE YOUR FIRST RESCUE PHRASE

Read that phrase aloud twice. Cover it and try again. Revisit it before an everyday conversation. This card is a free practice aid and remains yours without a purchase.

FREE RESCUE CARD 2 OF 2

Use the card in a real task

Worked example and a reusable conversation checklist. The example illustrates practice; it is not a customer result.

WORKED EXAMPLE AT A CAFE

Server: ¿Algo más?

Learner: No entiendo. ¿Puede repetir, por favor?

Server: ¿Algo más?

Learner: No, gracias.

English: Server: Anything else? Learner: I do not understand. Can you repeat, please? Server: Anything else? Learner: No, thank you.

Practice task

Read both parts. Cover the learner's first reply and recall it. Change roles and repeat. You are practising a request for help, not testing whether you understand every possible reply.
